### **Management committee report for the Year Ended 31 March 2018**

The Management Committee present their report and the unaudited financial statements for the year ended 31 March 2018.

#### **Management Committee**

The Management Committee who held office during the year were as follows;

Stephen Leslie Amphlett

Ann Harding

James Alexander Tod

Giles Richard Bowring (co-opted 24th January 2018)

#### **Principal activity**

The principal activity of the company is environmental and ecological production of electricity

#### **Business Review**

Cash in our Current Account at 31st March 2018 was £13,158. In addition we have £6,562 deposited in an interest bearing Charity Bank Debt Reserve. It is a requirement of the Charity Bank that, as funds allow, we build this deposit to £13,000 before we are permitted to award any interest payments to shareholders or grants to community projects.

Total generation for 2017/18 was 78,449kWh which was slightly higher than 2016/17. although still at a disappointing level. No generation has been lost during the year due to mechanical breakdown. The poor generation was due to lower than average river levels compounded by the ongoing problem of the upstream shoal of boulders and the partial collapse of the weir boards both of which are reducing the flow of water through the hydro particularly at lower river levels.

A Permit has been obtained from the Environment Agency for the partial removal of the boulder shoal, but the local Angling Club (owner of the upstream river bed) is still refusing to grant permission to implement the permit. We will continue to engage with the angling club in the hope that they can be persuaded to change their mind.

A Permit Application is in the final stages of preparation for repairs to the weir boards. The weir belongs to our landlord who is supportive of our proposals.

#### **Small companies provision statement**

## Notes to the Financial Statements for the Year Ended 31 March 2018

### 1 General information

Settle Hydro Limited is a Industrial and Provident Society registered in England and Wales.

The address of its registered office is:

2 Grove Park Gardens

Settle

North Yorkshire

BD24 9QS

These financial statements were authorised for issue by the Board on 13 October 2018.

### 2 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

#### Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

#### Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts.

The company recognises revenue when:

The amount of revenue can be reliably measured;

it is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the company's activities.

#### Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

#### Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class	Depreciation method and rate
Other equipment	5% Straight line
Screw with trough	1% Straight line
Sluice gate with hydraulics	4% Straight line

### Notes to the Financial Statements for the Year Ended 31 March 2018

#### **Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

#### **Trade debtors**

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

#### **Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

#### **Share capital**

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

The company is controlled by its 194 members overall. No one private individual holds more than 5% of the shares. Key funds Yorkshire holds 11% of the shares, however each shareholder only holds one voting right each, regardless of the amount of shares held in accordance with society rules.
